

Riverside School Outdoor Adventure

Dear Riverside Families,

We are very pleased that your child is interested in participating in the *Outdoor Adventure* Winter Camping trip. This trip is a unique opportunity that will help your son/daughter grow in their confidence, problem solving and leadership skills, as well as allow them to experience something completely new!

On **Thursday February 22nd to Friday February 23rd 2018**, students will go on an overnight excursion to the Riverside Ranch where they will build snow shelters called Quincy's, and sleep in them. They will also participate in a variety of other winter activities, including, orienteering in the snow, capture the flag and many other fun winter games! We are also looking at the possibility of High Ropes or Cross Country Skiing in the area!

At the site, students will have instruction on how to build proper Quincy's and will be given a few hours in the morning to begin building. We will have lunch outdoors around the campfire and after lunch students will participate in cross-country skiing. When they return, students will carve out their Quincy's. That evening we will have dinner around the campfire, with the option to go indoors if needed for a couple hours. Overnight, students will be challenged to spend the night in their Quincy, but there will be a heated house available if they become too cold. The next day we will have breakfast by the fire, and participate in several fun winter games and activities.

The cost for this trip is 1500 Kc. This covers all transport, food and activity. Students will depart on **Thursday from Riverside School at 8:00 am, and return in the afternoon on Friday at 3:30 pm**. This permission form and full payment are due on Monday February 5th, 2018.

Please feel free to contact Sarah Muller or Marty Wagner for more information about the Winter Camping trip, or for more information about Riverside's Outdoor Adventure program.

Best wishes,

Sarah Muller
